

April 2014
MK Trust Co., Ltd.

The stock transfer of the Japanese machine parts manufacturer completed.

MK Trust Co., Ltd. (MK Trust; headquartered in Minato-ku, Tokyo; Miky Kambara, CEO) announced that it performed the M&A Advisory service for the stock transfer of TOKYOSEISAKUSHO Co., Ltd. (TOKYO). TOKYO is a manufacturer of machine parts in Japan. In March 2014, the stock has been transferred to ANT Bridge No.3 A Limited partnership (ANT Bridge) which is operated by Ant Capital Partners Co., Ltd.

TOKYO was established more than 60 years ago, and its main business is the supply and maintenance of machine part. Its strength is the ability to produce many kinds in small quantities. And the amount of customers which it built is over 3,000. It is maintaining stable achievements because of the repeat order from many customers.

For examining of its business partner, including capital alliance, MK Trust was appointed as exclusive adviser coping with procedure from searching partners to closing contracts.

MK Trust finally led to agreement with ANT Bridge, which is as the best candidate for reinforcement of the management foundation and overseas development of TOKYO.

ANT Bridge supports to strengthen management foundation of the medium-sized enterprise through the acquisition of stocks for succession of a business, or collection of the same tribe company's stocks, etc.

MK Trust will continue to solve the customer's various problems through the M&A advisory, and consulting between Japan to China, etc.
